The Women in Real Estate Network (WREN) is open to all members of AREUEA. The goal of WREN is to facilitate participation and encourage accessibility in AREUEA activities by all members, with a focus on Ph.D. students, junior scholars, and members new to AREUEA, particularly women. The state goals of WREN corroborate with the mission of AREUEA, which supports the continued success of AREUEA as the premier academic real estate association.
